The Septembre Coffee Table makes an elegant addition to the sofa series, which is now also available with a stone top. Crafted using a warm grey, Portuguese limestone called Atajia Azul, the table's softer, curvaceous shape has been uniquely constructed with its up-per part sinking into the deeper structure of the table rather than resting on top of its legs. Making a confident statement with its contrasting materials and unorthodox take on the traditional table, Septembre Table adds a touch of timeless sophistication and slick polish to the interior.

About the Designer

Theresa Rand focuses on natural, high quality materials, designing functional furniture with a sense of poetry. Born in Germany, she graduated in 2013 from The Royal Danish Academy of Arts. As a student in Copenhagen, she fell in love with the city and Danish furniture design: "My plan was to go to Berlin after my studies, but I find Copenhagen very inspiring, so I stayed." Swiftly establishing a reputation as a design talent to watch, Theresa makes practical furniture to be used every day with soul: "I think I design in quite a 'German' way. I am very pragmatic, but I also think it's important that the objects that we surround ourselves with have warmth and poetry."
